COOLIDGE RARE PLANT GARDENS, LTD.
PASADENA, CALIFORNIA

Memorandum

This list contains much new material, which will be of real interest to your customers and attract new and desirable prospects.

Nothing will make a stronger appeal and increase your sales volume than your reputation for having something unusual to offer, in addition to a well rounded-out line of general nursery stock.

PRICES: Very substantial reductions from our
last year's price list;
and in addition,

TERMS: we will allow discounts of 10% for spot
cash and 5% 30 days--60 days net; as well
as an extra 5% off on orders of a 1000 or
more plants of one or more varieties.

The Fall of 1932 should see business started on the up-grade, so this is the time to plan to be ready to take full advantage of an increasing future demand by a careful and intelligent selection of your lining-out stock for immediate planting. Right now there is said to be an actual shortage in certain lines of fresh first-class nursery stock for landscaping.

Those nurseries who have the fore-sight and energy to maintain the quality, variety and quantity of their stock will emerge from this depression stronger and more permanently established.

We carry only first-class stock and guarantee you entire satisfaction.

COOLIDGE RARE PLANT GARDENS, LTD.

P. S. We have arranged the attached list alphabetically in sections for your convenience, so that each item can be immediately located.
